CAMPUS OF ART AND DESIGN

GENERAL INFORMATION

The Campus of Art and Design at Trier University of Applied Sciences offers six disciplines:

Architecture
Communication Design
Fashion Design
Gemstone and Jewellery
Interior Design
Intermedia Design

These disciplines compliment and enrich each other through a lively interdisciplinary exchange. Apart from the acquisition of specific professional knowledge students are further given the opportunity to get to know other areas in the field of design. The educational contents of all fields of study are characterized particularly by the open and transparent structures found in our department.

If you want more Information about the Campus of Art and Design contact the deanery:
ges.dekanat@hochschule-trier.de.

Summer term: March – July (Deadline Application 15 November)

Winter term: October – January (Deadline Application 15 May)

German Language

The language of Instruction at Trier University of Applied Sciences is German. However, there is no need to be fluent in German to complete your study program. Most of the lecturers provide support in English (marked as Ger/Eng). Exams and final projects can be delivered in English. Furthermore, you are invited to attend the German class for beginners (5 ECTS).

Interdisciplinary Week

The Campus of Art and Design offers an interdisciplinary week in each winter semester. Choose projects from various design disciplines.

Fine Arts Projects

If you are interested in the Fine Arts projects of Prof. Jörg Obergfell, please contact him via email.
