

FANUC

Did you ever wonder how your phone was made? Or what made the parts and assembled the car you drive? There is a high probability that FANUC was involved!

FANUC is the world leading provider of factory automation. Our machine range includes a number of Robots, Cutting, Drilling, and Injection molding machines, Laser, motors and control systems used to automate production processes.

FANUC Europe Corporation is the European Headquarter in Luxembourg. Our 200+ employees provide a full range of services to our 20+ European subsidiaries. This includes European Sales and Service, Technical Support, Supply Chain, Parts and Repairs, as well as Marketing, Human Resources, IT, Compliance, Legal and Administrative Support.

With over 20 different nationalities represented in our HQ, we look forward to having more ambitious, team spirited people joining us, who like to work independently and speak their mind, seeking to continuously improve and maintain our healthy, professional and friendly workplace.
