

Fullstack Developer Trainee

We, at Arns, want to build teams based on **young peoples** who desire to perform, improve their skills, and build a **rewarding career**.

To these **brilliant minds**, we offer the best place to work, the most interesting projects using the **latest technologies**, always in a practical domain where they **can immediately see** the impact of their **own progress**.

You are **talented, motivated and ambitious**? Then, we will be more than happy to **meet you!**

#Keywords

- Angular;
- REST;
- Java 8;
- The Spring ecosystem including Hibernate;
- SCRUM;
- Agile practices (continuous integration, automated testing, pair programming...).

As a Fullstack Developer Trainee, you will:

- Learn how to develop in backend and frontend supported by a friendly mentor.
- Work closely with Business Analysts to define the requirements and produce specifications.
- Learn the behavior of a project life cycle and Agile methodologies.

We are looking for a student:

- Curious and creative;
- In the love of code;
- Team player;
- With an interest for state of the art technologies;
- Autonomous and dynamic
- Fluent in French and English

What we offer to the candidate:

You will join an existing team and be fully involved in the project. This will be a unique opportunity for you to work on a strategic tool that will be used by the community. You will be integrated in an exciting company hiring dozens of young graduates each year. If you want to grow up with us, please send us your CV.
