

The **INTERNATIONAL CIRCULAR ECONOMY WEEK & CONFERENCE (ICEW&C)** are dedicated knowledge-events annually organized by the Institute for Applied Material Flow Management (IfaS) of the Trier University of Applied Sciences. ICEW&C provides the opportunity to its global partners to share with the international community the experiences, expertise, knowledge, and achievements in the areas of renewable energy, energy efficiency, integrated sustainable resource management, green growth strategies and education for sustainability, etc. those that are paramount for the achievement of climate neutrality and sustainable development goals of this century. ICEW&C also serves as a premier platform connecting global leaders and like-minded professionals in the respective domains.

This year marks a milestone in IfaS' journey helping the world achieving climate neutrality, sustainable development and circular economy as we are celebrating 20 years in the International Material Flow Management arena as a global pioneer. To this end, my team, our partners and I have a wealth of knowledge and expertise to share with you and we are excited about that. Therefore, I cordially invite you to join this landmark event.

I looking forward to welcoming you to the Greenest University Campus in Germany in October.

Professor Dr. Peter Heck
Chief Executive Officer, IfaS

12th INTERNATIONAL CIRCULAR ECONOMY WEEK & CONFERENCE

24th - 29th OCTOBER 2021
ENVIRONMENTAL CAMPUS BIRKENFELD

PROGRAMME

ORGANIZED BY:

COOPERATION PARTNER:

PARTICIPATING PARTNERS:

ONLINE REGISTRATION: WWW.ICEW.DE

SUNDAY, 24TH OCTOBER

N/A	Individual Arrival in Germany Transfer to Neubrücke by train
N/A	Sightseeing Tour Optional & Own Agenda
